- Good attendance is vital. If the children are late in the morning they will miss the morning starters.
- Where a child has been absent for a significant time, either through lots of occasional days or one long absence, parents are asked to talk to our Attendance Officer to see what can be put in place to prevent further absences / lates.
- Attendance below 97% will trigger a letter home, unless there is a genuine medical reason, and it has been authorised by the Head Teacher.

Reading

HALLAM FIELDS
PRIMARY

- Reading to and with your child every evening for at least ten minutes can make a dramatic difference to a child's achievement within school.
- A report from the Oxford University Press highlighted the importance of parents reading with their children. 'Children who read outside of class are 13 times more likely to read above the expected level for their age'.

Why should you read with your child?

What can you do to support?

**HALLAM FIELDS
PRIMARY**

- Read to your child. This will help them to understand how to use expression to bring stories to life and develop their own voice as readers.
- Listen to your child read. This helps them to develop their fluency.
- After listening to them, or reading to them, ask them some questions. The discussion you have will be very valuable to their reading development.
- Talk about the meanings of new words.
- Read the same book again and again if you have to!

Reading Expectations

**HALLAM FIELDS
PRIMARY**

- Hallam Fields is now using Little Wandle phonics. Children will receive a Little Wandle phonics book on Wednesday to read at home. We will need the books to be returned on Monday morning to support children's learning in school.
- Every child should read for only 10 minutes each day.
- Please record these in their reading record.
- Reading Raffle- This is now running every Friday- Children who read a minimum of 3 times during the week will get a raffle ticket and a chance to win a brand-new book to add to your library at home.

Maths

**HALLAM FIELDS
PRIMARY**

- We are following the maths mastery curriculum which encourages fluency, reasoning and problem solving. We will introduce concepts by using concrete objects, then build on this concrete approach by using pictorial representations and finally move on to the abstract.
- We will develop the use of maths vocabulary, and we encourage children to answer questions in full sentences. We encourage children to explain how they arrived at their answers using precise mathematical vocabulary.

It would be great if you could work on some of these skills at home:

- Number bonds to 10 and 20
- 2, 5 and 10 times tables
- Understanding the place value of two-digit numbers up to 100.

Trips

**HALLAM FIELDS
PRIMARY**

- Our Topic in Autumn term is Castles, Knights and Dragons. We visit Tamworth Castle.
- We will send a letter out closer to the date for your payment and confirmation. This trip costs roughly between £20-£30.
- We also visit the Gurdwara in the Summer term. This trip costs roughly between £5- £10.

Reminders

**HALLAM FIELDS
PRIMARY**

- Messages regarding appointments, collections and medicines must be given at the office. They will then be passed onto the teaching staff.
- For longer discussions, please arrange a time for after school at the office.
